[] Chamberlin gave me an
unequivocal "no". Talked this over with Galloway and Wright
and we decided to let the matter drop for the present.

Wright - Discussed with Wright the advisability of forcing G-2
to change their instructions to Military Attaches regarding
counter-espionage. Their instructions give a much too narrow
interpretation. We decided that our representatives would
carry out our instructions and therefore there was no use
trying to force this through either.

G-2 On every turn we are meeting increased opposition to
any constructive effort on our part on the part of G2.

Col Galloway - Withdrawing suggested letter on Military Attaches.
